A Few Words From Our Past-President

I would like to express my gratitude to each of you for allowing me the opportunity to serve on the Texas Community Service Board of Directors for the past several years. I was elected to my first term in Ft. Worth. I served as a member at large that year and the following year in Fredericksburg I was elected Vice-President. The following year I was re-elected to the board and have served since that time as President. I have one year left to serve on the board but chose not to serve as an officer because I feel that I could better serve as a member at large while a new President became oriented with the duties. That way I could be of assistance if need be. However, Stanley Christopher, the current TCSA President, will not need me as he is far more capable than I, and will no doubt adjust with ease.

When I was elected to the board I set a few goals for the continued success of the TCSA regarding record keeping, setting up a web page, and specific procedures for election etc... With a lot of help from some very cooperative board members I feel we have succeeded in achieving those goals. I am very proud of the work we work we have done over the past several years and feel privileged to have worked with the best group of folks I could have asked for.

While it has been more work than I bargained for, it has also been a great ride!!! I have met and worked with some really wonderful people from all over the State. I have learned so much from all of you and hope I made at least a small impression of you guys.

I look forward to the upcoming years when I am able to come to the meetings and relax after the sessions and possibly enjoy some of the local sites I have been missing out on for the past several years.

Thanks again and I will see you all in Fredericksburg in 2010!

Alice Wilkins,
Past-President

A Few Words From Our New President

To the Texas Community Service Association Board of Directors and its membership. I would like to thank the membership for the opportunity to serve on the Board of Directors for the past six years and to serve as President of the Association this year. I want to thank all board members and officers, past and present, for serving the association by giving of your time and knowledge to help make this Association what it is today. The past few years have proven to be very productive for the Texas Community Service Association. Among the things we have accomplished are the legalization of the association's non-profit status and the filing of the proper Income Tax Forms. Additionally, the Association's financial stability has improved significantly over the past few years. TCSA has hosted some great conferences and provided many hours of quality training. These things could not have been accomplished without the dedication of the of the association's membership.

We have planned a great conference for 2010, in the beautiful Hill Country of Fredericksburg. There are so many things to do in the area and we feel that everyone will enjoy this conference. We have a great line-up of speakers who we trust will impart additional knowledge to the association's members and provide you with information to enhance the great jobs you already perform in your organizations. We look forward to seeing you there!
