### Bexar County Juvenile Probation Department Assists with Bastrop Wildfires Clean-up

The wildfires that spread through Bastrop and surrounding counties in October of 2011, prompted Chief Donna Richardson, Bastrop Juvenile Probation Department, to send a statewide request for help. Bexar County Juvenile Probation Department responded.

On October 22, 2011, BCJPD's Community Service Restitution Program took several youth and staff to Bastrop to assist with the clean-up effort. While it was disheartening to see all the devastation, at the same time it was one of those meaningful community service activities that truly impacted our youth.
